

**NIMEC LIMITED**

**Fast-Easy-Amazing**

# Hydraulic Energy in Ship Propulsion

Electricity supply as an option

Economically beneficial

Fossil Fuel Free

Small size

**2025**

Zero carbon emissions

Quick commissioning time

Multipurpose application

Modular structure

Power Generator is coming with ship classification societies certifications, protection for harsh environments, relative humidity >95% option, patented AERP excitation system, PT100 sensors for extra security option, compact design, Leroy-Somer legendary reliability.

**LEROY SOMER**

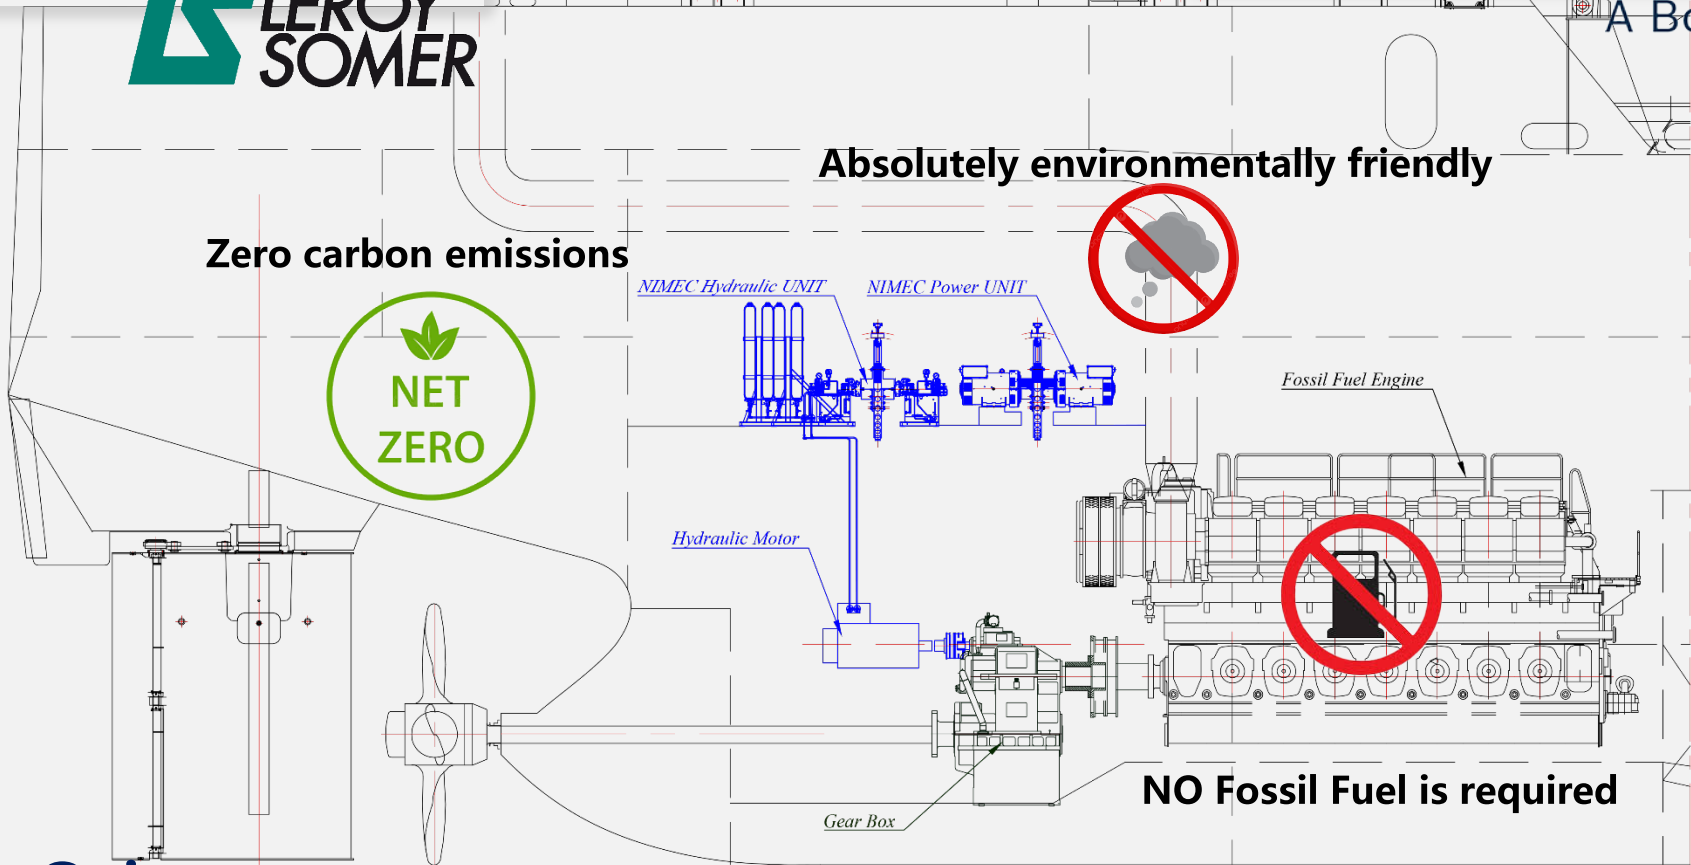

High quality hydraulic Rexroth motor hermetically connected to the gearbox. Time-tested and certified Quality.

**rexroth**  
A Bosch Company

**Absolutely environmentally friendly**

**Zero carbon emissions**

**NO Fossil Fuel is required**
